WINSTON-SALEM

Preface

Winston-Salem is North Carolina's largest city and one of the fifty leading industrial cities of the United States. It is the world's tobacco manufacturing metropolis, its factories producing more tobacco products than any city in the world.

HISTORICAL

Salem was founded in 1766, and Winston incorporated in 1846. The two communities were consolidated in 1913, and the city has long been known as the "Twin City." Salem was founded by the Moravians ,and Winston grew up on the edge of this settlement.

LOCATION

The city is located in the famous Piedmont Plateau of the Carolinas. It is but 15 hours by train from New York and 115 miles west of Raleigh.

There are three lines of railroads: Southern, Norfolk and Western, and Winston-Salem Southbound.

More state highways radiate from here than any other city in the State, and 118 interurban motor buses arrive and depart each day.

POPULATION

According to estimates based upon reports from the United States Census Bureau, and dependable data gathered from the records of the various departments of the city government, the population of Winston-Salem on January 1, 1928 was estimated as being 82,272.

Some idea as to the tremendous strides being made by Winston-Salem might be gained by a knowledge of the growth of its population. In 1910 it had a population of 22,356, and in 1920 the United States Census revealed a population of 48,395; more than a 100 per cent increase. Winston-Salem, during that period, was one of a limited number of cities in the United States showing such an increase.

It is anticipated that by 1930 Winston-Salem will have a population of

around 100,000. This is based upon the estimates that have been made by the City Planner, who laid out a city plan, and upon the plans that are being carried out by the municipal authorities for municipal improvements to take care of that number of people by 1930.

INDUSTRIAL

Winston-Salem's fame as an industrial community is probably best known because of its tobacco industry. This city is the home of "Camels" and "Prince Albert" smoking tobacco. The cigarette output of the Winston-Salem factories represents over 60 per cent of all the cigarettes made in America.

While tobacco is its chief industry, there are made here many other products of a diversified nature. Winston-Salem is the home of the largest heavy knit underwear mill in the world, and it is among the six leading furniture manufacturing centers of the country. Blankets, hosiery and other articles in large volume are made here. Its more than 103 factories turned out sixty-five distinct products. According to the U. S. Census of 1927, the annual value of its factory products is $302,571,980.

REVENUE PRODUCER

The tobacco factories of this city pay each year to the United States Government over $160,000,000 for revenue stamp and tobacco products. From this city comes one-fifth of all the internal revenue received by the United States Government. The United States Post Office in this city, which cost over $350,000, is paid for every day through the purchase of tobacco stamps.

Winston-Salem is one of the few inland ports of the country. It is more than 150 miles from a navigable stream, yet the duty it pays on imports, some $6,000,000 per annum, exceeds that collected at some of the better known seaports. Congress by special act, made this city a port of entry and its federal building serves as a custom house, duties being collected and paid here on the same basis as at New York or other ports.

SCHOOL PROGRESS

The school system of Winston-Salem is one of the most modern in the South. The development of its schools is not only confined to modern buildings, but each school has been provided with play areas, serving as school athletic grounds and neighborhood recreational centers. There is an average of ten acres of grounds surrounding the schools of the city, and part of the High School facilities include a memorial auditorium erected at a cost of $750,000.

Winston-Salem is the home of Salem College, a class A girls college, founded in 1775. This college is one of the oldest girl's schools in the country and except for vacation periods has never closed its doors during the entire period of its existence.

SIGNIFICANT FACTS

Among the outstanding facts about the city is that it has a church for every factory. That is, there are 100 factories and 100 churches. The city is often referred to as one of churches, schools and substantial business institutions, where the home is paramount and where the church is the foundation of the community life.

Winston-Salem is one of the country's largest leaf tobacco centers. It has gigantic warehouses covering acres of grounds, in which each year are sold millions of pounds of leaf tobacco. More than 50,000,000 pounds of leaf tobacco has been sold in Winston-Salem during one season.

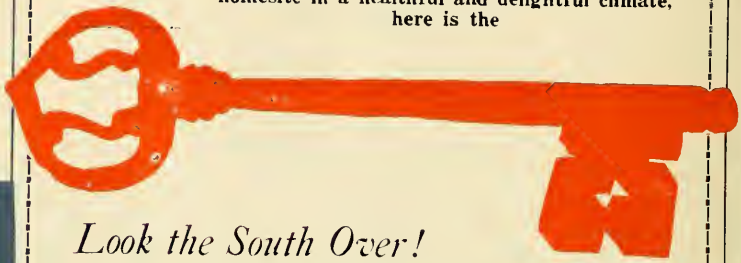
Manufacturers *and* Homeseekers

If you are looking for a good location to start any Industrial Enterprise, large or small, or if you are seeking a homesite in a healthful and delightful climate, here is the



Look the South Over!

NOTE THE WONDERFUL GROWTH
—THERE'S A REASON!

IDEAL CLIMATE—INEXHAUSTIBLE HYDRO-ELECTRIC WATER POWER

Good Honest American Labor To Be Had
At Reasonable Wages
NO LABOR TROUBLES

THE SOUTH
Is destined to become the Great Manufacturing Center of NORTH AMERICA

If you are seeking a Home, come South—mild climate, no rigorous cold—Beautiful Scenery.

HOSPITALITY UNEXCELLED

DESERVES YOUR CONSIDERATION

In the South are cities that offer great opportunities to the Manufacturer or Homeseeker. If you want further information, write the Chamber of Commerce, or, write us.

Classified Business Directory

OF

Winston-Salem, N. C.

Vol. XXVI THE PIEDMONT SERIES Vol. XXVI

NOTE—Patronize those whose names are in large type, for they are the progressive ones and generally leaders in their line.

☞Index appears in front of special business headings only, for which an extra charge is made.

Purpose of (*) star in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use, errors often creep in.

STREET DIRECTORY
OF
Winston-Salem, N. C.

THE AUTHENTIC STREET DIRECTORY
Giving Names of Householders and Denoting Business Places

Vol. XXVI THE PIEDMONT SERIES Vol. XXVI

NOTE:—All streets and avenues are arranged in alphabetical order, the house numbers are arranged in numerical order with names of householders after each number.

Dash (—) before name denotes that number is wanting.

(*) Purpose of star (*) in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use, errors often creep in.

All police officers have keys. To turn in alarm, break glass over key in front of box, unlock and open door, pull lever down once and let go.

Remain at box to direct department to scene of fire. To turn in alarm by telephone, don't get excited. Take plenty of time, stating street and location between cross streets.

HINTS FOR WISE MEN

Directory advertising and success of business are Siamese Twins.

$1.00 Bills for 50c would be a great bargain, but no more than Directory advertisements to progressive business men.

Know how to correctly spell a name before saying it is not in The Directory.

If you stood 1,000 men, who ought to buy your goods, in a row, you certainly would sell some of them. The City Directory puts them all in a ROW for you. Moral—advertise in your Directory.

Master minds of the Business World recognize advertising as the foundation stone upon which vast fortunes have been and still are being built. Your City Directory is one of the corner stones.

Patronize Your City DIRECTORY

Boost Your City

ADVERTISING PAYS

When you advertise in the directory you advertise your city as well.

This Directory is placed in libraries and with commercial organizations in various cities thruout the United States.

The City Directory is a complete index to your city and tells the story of its progress.

If your business is not listed as it should be, you are missing a golden opportunity, not only to increase your business but to promote the growth of your city as well.

The possibilities of the City Directory cannot be properly told in words.

Commercial Service Co.

P. O. Box 1098, Asheville, N. C.

CLEANED!

READ BEFORE YOU SIGN

Written contracts create mutual obligations. One of the cornerstones of modern commerce is the Contract of Purchase. Written contracts have found their way into human and business relations because their use serves to lessen and to prevent misunderstandings between parties to an agreement.

The purchaser owes it to his pocketbook and his conscience to give SPECIAL ATTENTION to that part of the contract which tells him what he is to get, what he is to pay and when.

Don't sign a contract with your eyes shut. Don't take a salesman's word for everything. Occasionally an employer may make a mistake in the selection of salespersons. That seems to be inevitable in all types of business.

But it lies with the customer whether such a handicap to mutual understanding is to be slight or serious. A salesman may convey misunderstanding through zeal or carelessness or even by intent, but the contract, if the customer will read it, will usually clear up such divergencies, there it is set down in black and white to prevent misunderstandings.

When a signature appears on a legal contract it is a foregone conclusion that the signer is indicating his or her honorable intention of carrying the matter through to a finish. The whole commercial world of debits and credits is built upon and maintained by the strength of signed legal paper. People who sign contracts without reading them. should swallow their losses in silent chagrin.

WRITTEN CONTRACT

I Agree To Deliver	"THE DOTTED LINE" — This balance should be maintained wherever written agreements are used to record the understanding between Buyer and Seller.	I Promise To Pay
